Introduction

Please use this template provided for your structured abstract. All abstracts will be reviewed and can be presented after acceptance as poster at the atrial signals workshop.

Methods and Materials

The abstract will be used for the review process. Please structure your text in the sections Introduction, Methods and Materials, Results and Conclusion. For all section headers, use Times New Roman (14pts, bold). For section text, use Times New Roman (12pts, single spacing).

Results

The text is expected to be in English. One table and/or figure can be included. The sole text should not exceed 300 words. The abstract must fit on one page sized DIN A4.

Conclusion

Please save your abstract as pdf file. The size of the file must not exceed 5MB. Upload the file until June 30th on the conference website: <http://www.atrial-signals.kit.edu>
Information concerning acceptance and further information will be sent to the author until July 15th
